

# MICHELLE ADRIANZEN

Web Designer & Digital Design Specialist

Results-oriented professional with 10 years of experience in digital design and 4+ years specializing in e-commerce and web environments. I blend high-end visual aesthetics with technical execution in HTML, CSS, and Liquid, specializing in the Shopify ecosystem. With an extensive background in digital solutions for global brands, I leverage senior design principles to deliver user-centric UI/UX and high-impact digital experiences.

## EXPERIENCE

### Finesse Decor | Web Designer | Nov 2024 - Jan 2026

- Web Development & Logic: Engineered Shopify features using Liquid and conditional logic to create tailored experiences for B2B and B2C customers, including dynamic pricing, custom discount badges, and login-restricted content.
- E-commerce Visual Strategy: Optimized store aesthetics by designing custom web pages and bespoke theme sections; produced high-end visual content through advanced photo retouching and lifestyle compositions to elevate brand presentation.
- Strategic Email Marketing: Conceptualized and deployed automated and promotional email campaigns within Shopify, ensuring a seamless visual transition from inbox to website.
- Multi-channel Asset Creation: Produced high-quality digital marketing materials, including web banners, interactive catalogs, and video content to strengthen the brand's omnichannel presence.

### NoLimit Creatives | Graphic Designer | Dec 2020 - Mar 2024

- Digital Production: Produced a high volume of creatives for a diverse portfolio of international clients, maintaining rigorous quality standards and fast turnaround times.
- UI/UX Exploration: Transitioned toward web-focused projects by designing website layouts and interactive prototypes in Figma, focusing on enhancing user interfaces and visual flow for diverse digital platforms.
- Visual Solutions: Collaborated within a high-performance design department to deliver compelling graphics for social media, display ads, and digital marketing campaigns.

### JC Decaux | Graphic Designer | Feb 2019 - May 2020

- Sales Enablement & Visualization: Partnered with Sales Executives to create high-stakes visual proposals and mockups, implementing client branding across premium digital and OOH (Out-of-Home) environments like airports, subways, and retail centers.
- Motion Graphics & Quality Control: Managed technical compliance for client-provided video spots, performing editing (re-sizing, duration adjustments) and creating original 10-second motion graphics for public service and seasonal campaigns.
- Web Maintenance: Supported the corporate digital presence by designing web banners and performing interface updates, including copy and iconography edits.

## EARLIER EXPERIENCE

### Samhow | Community Manager | 2018

### Las Marías | Graphic Designer Jr | 2017

### Hologram | Graphic Design Intern | 2016

## EDUCATION

### UCAL University | Advertising Graphic Design

Pursued a two-year continuation program to earn my Bachelor's Degree, during which I expanded my knowledge through challenging projects and acquired new skills.

### Toulouse Lautrec College | Direction and Graphic Design

Completed a four-year program that enhanced my creativity, developed my visual and software skills, and fueled my passion for visual communication.
