EXPERIENCE

Finesse Decor | Web Designer | Nov 2024 - Jan 2026

- ✦ **Shopify Website Management:** Optimized operations of the Shopify store, including product uploads, PDP enhancements, and site updates, ensuring accuracy, functionality, and a seamless user experience across B2B and B2C segments.
- ✦ **Development & Promotional Experiences:** Developed new web pages and custom Shopify sections, implementing tailored promotional pricing and content for B2B and B2C audiences to improve campaign effectiveness and deliver distinct, targeted shopping experiences.
- ✦ **Email Marketing & Campaign Execution:** Executed and refined email campaigns aligned with marketing initiatives, reducing bounce rates, improving engagement and conversions by creating cohesive visual and user experiences from email to landing pages.
- ✦ **Multi-channel Asset Creation:** Produced and optimized high-quality digital marketing assets, including web banners, product visuals, landing pages, social media creatives, and interactive catalogs, enhancing product presentation, strengthening brand consistency, and improving overall site performance.

NoLimit Creatives | Graphic Designer | Dec 2020 - Mar 2024

- ✦ **Digital Production:** Streamlined creative production workflows for a high-volume international portfolio, maintaining rigorous quality standards and fast turnaround times.
- ✦ **UI/UX Exploration:** Proactively pivoted from graphic design to UI/UX by designing website layouts and prototypes in Figma, focusing on enhancing user interfaces and visual flow for diverse digital platforms.
- ✦ **Visual Solutions:** Collaborated within a high-performance design department to deliver compelling graphics for social media, display ads, and digital marketing campaigns.

JC Decaux | Graphic Designer | Feb 2019 - May 2020

- ✦ **Sales Enablement & Visualization:** Optimized the sales conversion process by creating high-stakes visual proposals and mockups, implementing client branding across premium digital and OOH environments like airports, subways, and retail centers.
- ✦ **Motion Graphics & Quality Control:** Mitigated technical delivery risks by performing editing (re-sizing, duration adjustments) for client-provided video spots and creating original 10-second motion graphics for public service and seasonal campaigns.
- ✦ **Web Maintenance:** Identified and resolved UI inconsistencies within the corporate digital presence, maintaining brand integrity through strategic interface updates and iconography enhancements.
