EXPERIENCE

Nine15 | Web & UX/UI Designer | May 2026 – Sep 2026

- Designed and optimized landing pages, PDPs, campaign pages, and e-commerce experiences across Shopify websites.
- Conducted UX/UI audits and design QA across desktop, tablet, and mobile, identifying usability, responsive, and conversion issues.
- Created high-fidelity layouts, responsive interfaces, and reusable Figma components for developer implementation.
- Collaborated with developers, account managers, and marketing teams from design through implementation and QA.

Finesse Decor | Web Designer | Nov 2024 – Jan 2026

- Designed and optimized Shopify pages, PDPs, and responsive e-commerce experiences across B2B and B2C storefronts, improving usability, product presentation, and shopping flows.
- Created custom landing pages and Shopify sections for promotional campaigns, pricing initiatives, and audience-specific experiences.
- Managed ongoing website updates and enhancements, ensuring design consistency, functionality, and a seamless experience across devices.
- Designed and executed email campaigns connected to landing pages and promotional initiatives, creating cohesive customer journeys from email to website.

No Limit Creatives | Senior Graphic Designer | Dec 2020 – Mar 2024

- Designed digital experiences and marketing assets for clients across a wide range of industries, including email campaigns, web banners, paid ads and social media content.
- Created website layouts and interface concepts in Figma, applying responsive design, visual hierarchy, and usability principles to digital experiences.
- Developed cohesive visual systems across web, email, advertising, and social channels, adapting brand identities to different digital formats and touchpoints.

JCDecaux | Graphic Designer | Feb 2019 – May 2020

- Created digital visual concepts, branded proposals, and high-impact mockups for advertising placements across airports, transit systems, retail environments, and other premium media spaces.
- Designed and adapted digital campaign assets and motion graphics for multiple screen formats, ensuring technical accuracy and visual consistency across placements.
- Identified and corrected UI inconsistencies across corporate web properties, improving visual consistency and interface quality.
